Sandwich Agreement

This contract is made between St. Columba Ecumenical Ministries, Inc. and

_____. St. Columba will accept sandwiches made by the group to be provided to the guests to the Day Center. The group is acknowledging that they practice safe handling of the sandwiches during preparation, including wearing gloves and face masks, using food that is not outdated, and ensuring that the food is kept cold before and after preparation, prior to delivery. This agreement does not commit the group to any additional donations, but will not need to be completed again for future donations.

St. Columba appreciates the time, energy and money expended by your group. Your efforts allow us to continue to provide the same resources to those who come to us in need.
